

A Book Is Never A Book

WELCOME

Welcome to the Boot Camp 3-D Experience!

We are so happy and thrilled that you joined us. It is going to be an absolute BLAST! So buckle your seat belts and hang on to the Lord's shirt tails! We are about to take a ride!

Of course, in the Boot Camp, we have found it to be a very healing experience. We would respectfully like to ask you, even though this goes without saying, that you would be respectful of other student's space and progress. Everyone unfolds at a different pace and God knows the plans He has for them.

That being said, we too, will respect you through this process. The breaks are designed so that you can get any questions answered; clarification to something that was taught; connect with others; and make new friends. We encourage prayerful encounters and want you to enjoy getting to know one another. There are assignments where there will be group participation and we ask that you participate to the fullest extent that you can. Time to STRETCH and GROW! Amen?

Also, please understand the strategies, key phrases, and processes ARE trademarked and has full copyright by Kathleen D.
